## Independent Auditor's Report

To the Board of Directors and Management of  
First Step House  
Salt Lake City, Utah

### Report on the Financial Statements

We have audited the accompanying consolidated financial statements (financial statements) of First Step House, which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Step House as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### **Other Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2021, on our consideration of First Step House's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of First Step House's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering First Step House's internal control over financial reporting and compliance.

**Note 1 - Principal Activity and Significant Accounting Policies**

**Organization**

First Step House is a nonprofit corporation organized under the laws of the State of Utah on February 14, 1958. First Step House is a behavioral health organization that operates residential and outpatient substance use disorder treatment centers and several apartment complexes that provide clients with a living environment that is conducive to recovery. First Step House receives its funding from government grants and contracts, client fees, and private and individual donations.

The mission of First Step House is to help people build healthy lives of meaning, purpose and recovery. Founded in 1958, First Step House has evolved into a co-occurring capable behavioral health treatment and housing provider. First Step House is accredited by the Joint Commission, the leading healthcare accreditation entity in the U.S., for our continuous compliance with performance standards and commitment to providing safe and quality patient care. We have been a consistent leader in the Salt Lake metro area delivering evidence-based interventions and achieving positive outcomes for individuals and families who struggle with high severity substance use disorders, histories of homelessness, mental health conditions, justice system involvement and primary health concerns. We operate three residential treatment facilities, two outpatient treatment centers, and six transitional housing facilities in Salt Lake County, Utah. We also provide permanent supportive housing services. The scope of services we offer include substance use disorder and mental health assessment, residential and outpatient treatment, recovery residence services, housing, case management, employment support, primary health care, peer support services, and long-term recovery management. Through our programs and services, we serve over 500 individuals per year who struggle with chronic, and often severe, substance use and co-occurring behavioral health disorders. Most of our clients enter treatment with a history of unstable housing or homelessness and criminal involvement. Our clients typically arrive at our doorstep unemployed with very little resources, lack of family support, and numerous barriers to overcome.

For the years ended June 30, 2020 and 2019, First Step House’s operational support and revenues were derived as follows:

	2020	2019
Substance Use Treatment	49%	59%
Transitional Housing	15%	9%
Pay for Success	12%	13%
Case Management	8%	6%
Individual, Foundational, and Corporate Donations	6%	6%
Other	10%	7%
	100%	100%

Some of our revenue sources fund special programs that enable us to offer focused services which are paired with substance use disorder treatment. These programs permit First Step House to offer a variety of services that our clients might not otherwise receive but that are integral to their well-being. Some current examples of these services are employment preparation and placement, peer support and long-term recovery support. The largest group of these programs is housing case management.

Through Pay for Success (PFS), private investors partner with government by paying the upfront costs for the provision of evidence-based social services. Governments repay investors with a modest return on their investment if the program achieves agreed upon outcomes. The PFS program (REACH) serves men coming out of jail who are high-risk, high-need offenders diagnosed with substance use disorders and co-occurring mental health disorders. The program aims at reducing criminal recidivism for high-utilizers of the Salt Lake County jail. REACH is First Step House's single largest non-government source of income.

In February 2019, First Step House entered a partnership with NEF Assignment Corporation. This partnership, 5<sup>th</sup> East Apartments, LLC, was formed for the construction, ownership, financing, leasing and operation of a 75-unit permanent supportive housing unit apartment complex for incomes at or under 30% of the Area Median Average (AMI) and rents at 25% of AMI. This apartment complex was completed in July 2020. To facilitate the organizational structure of this project, First Step House organized FSH 5<sup>th</sup> East Managing Member, LLC and FSH 5<sup>th</sup> East Development, LLC as the sole member. See Note 6 for additional explanation.

In December 2019, First Step House entered a partnership with USA Institutional 426 LLC, 426 Apartments SLP, LLC and The Richman Group Capital Corporation. This partnership, 426 Apartments, LP, was formed for the construction, ownership, financing, leasing and operation of a 40-unit permanent supportive housing complex. This apartment complex was completed in February 2021 and services for those living there will be provided by First Step House. To facilitate the organizational structure of this project, First Step House organized 426 Apartments GP, LLC (as the sole member) and 426 Apartments Developer, LLC (as the sole member) in October 2018. See Note 13 for additional explanation.

### **Principles of Consolidation**

The consolidated financial statements (financial statements) include the accounts of First Step House and all subsidiaries and partnerships in which it has a majority interest or control, which includes FSH 5<sup>th</sup> East Managing Member, LLC, FSH 5<sup>th</sup> East Development, LLC, 426 Apartments Developer, LLC and 426 Apartments GP, LLC, LP. All significant intercompany accounts and transactions have been eliminated in the financial statements. Unless otherwise noted, the consolidated entities are collectively referred to as "First Step House."

### **Grants and Contracts**

First Step House receives substantial funding through federal, state, and other grants and contracts. The majority of these grants and contracts operate on contractually approved fee for service and per diem rates. Accounts receivable and the related revenues are recorded when the services have been provided to First Step House clients. First Step House records an allowance for doubtful accounts based on management's estimate of grants that are not expected to be collected within one year from the statement of financial position date. At June 30, 2020 and 2019, there was no allowance for doubtful accounts.

### **Receivables and Credit Policies**

Patient accounts receivable consist primarily of noninterest-bearing amounts due for program services. First Step House records an allowance for doubtful accounts based on management's estimate of accounts receivable that are not expected to be collected within one year from the statement of financial position date. At June 30, 2020 and 2019, there was no allowance for doubtful accounts.

## Investments

*Investments in marketable securities* – First Step House records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at fair value in the statements of financial position. At June 30, 2020, First Step House’s investments in marketable securities were entirely in money market funds (see Note 5). Interest earned from these investments is reported as interest income in the statement of activities.

*Investment in Tax Credit Partnership* – The equity method of accounting is used when the Organization does not control the investee but does have the ability to exercise significant influence over the investee. Under the equity method, original investments are recorded at cost and adjusted for the Organization’s share of undistributed earnings or losses of these entities. First Step House has recorded its investment in 5th East Apartments, LLC and 426 Apartments, LP under the equity method (see Note 6). This managing member interest also provides certain priorities on the payment of cash flows during and after the tax credit compliance period.

## Property and Equipment

Property and equipment additions are recorded at acquisition cost or, if donated, at fair value at the date of the donation. Depreciation is computed using the straight-line method based on estimated useful lives ranging from 3 to 40 years. When assets are sold or otherwise disposed of, the cost and related depreciation or amortization are removed from the accounts, and any remaining gain or loss is included in the statements of activities. Costs for repairs and maintenance that do not improve or extend the useful lives of the respective assets are charged to expense as incurred.

First Step House reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the years ended June 30, 2020 and 2019.

## Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Organization reports contributions restricted by donors as increases in net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

### **Revenue and Revenue Recognition**

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met. The Organization's federal and state contracts and grants are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses. For the years ended June 30, 2020 and 2019, the Organization recognized grant and contract revenue totaling \$3,022,287 and \$2,388,564, respectively, which originated from promises to give. A substantial portion of the Organization's federal and state contracts are renewed on an annual basis and the award period coincides with the Organization's fiscal year. Additionally, at June 30, 2020, conditional contributions approximating \$1,637,975, for which no amounts had been received in advance, have not been recognized in the accompanying financial statements.

The program services in the Organization's client contracts generally include rehabilitation services and/or housing (the performance obligation) in exchange for a contractual agreed-upon amount or established reimbursement rate. These services are generally billed monthly, and revenue is recognized on the dates services are provided. For clients under reimbursement arrangements with third-party payors (including Medicaid programs, Veterans Administration, Salt Lake County, and Housing Authority of Salt Lake City) the client services are treated as a single performance obligation satisfied over time as services are rendered. For the years ended June 30, 2020 and 2019, total program service revenues recognized over time was \$5,464,171 and \$5,557,929, respectively, which are included in grants and contracts revenue.

Housing development income is recognized over time (as development oversight and services are rendered by First Step House) based on the portion complete of the project as-a-whole (the performance obligation).

### **Donated Services and In-Kind Contributions**

Volunteers contribute time to First Step House's program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles. Contributed goods are recorded at fair value at the date of donation. First Step House records donated professional services at the respective fair values of the services received.

### **Advertising Costs**

Advertising costs are expensed as incurred and totaled \$3,228 and \$6,559 for the years ended June 30, 2020 and 2019, respectively.

### **Income Taxes**

First Step House is organized as a Utah nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3), qualifies for the charitable contribution deduction under Section 170(b)(1)(A)(vi), and has been determined not to be a private foundation under Section 509(a)(1).

FSH 5th East Managing Member, LLC, FSH 5th East Development, LLC, 426 Apartments Developer, LLC and 426 Apartments GP, LLC are wholly-owned by First Step House and therefore disregarded entities for federal tax purposes. First Step House is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, First Step House is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. First Step House has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

First Step House believes that it has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. First Step House would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and those differences could be material.

### **Functional Expenses**

The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and wages, benefits, payroll taxes, occupancy, consulting and professional fees, travel, meetings, supplies and office expenses, insurance, promotion, depreciation, membership, dues, and fees and other, which are allocated on the basis of estimates of time and effort or the space used as appropriate.

### **Financial Instruments and Credit Risk**

First Step House manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market mutual funds. To date, First Step House has not experienced losses in any of these accounts. Credit risk associated with grants and contracts receivable is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies supportive of First Step House's mission.

### Recently Adopted Accounting Pronouncements

#### FASB Accounting Standards Codification Topic 606

FASB Accounting Standards Update (ASU) No. 2014-09 – *Revenue from Contracts with Customers* (Topic 606), as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. These standards establish a new contract and control-based revenue recognition model, change the basis for deciding when revenue is recognized over time or at a point in time, and expand disclosures about revenue. First Step House has implemented Topic 606 and has adjusted the presentation in these financial statements accordingly. The amendment has been applied retrospectively to all periods presented, with no effect on net assets.

#### FASB Accounting Standards Update 2018-08

The Organization has implemented ASU No. 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, to clarify and improve the scope and the accounting guidance for contributions received and contributions made. This standard assists the entity in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization has implemented the provisions of ASU 2018-08 applicable to contributions received in the accompanying financial statements under a modified prospective basis. Accordingly, there is no effect on net assets due to the implementation of ASU 2018-08.

### Subsequent Events

Management has made an evaluation of subsequent events through March 18, 2021, the date on which the financial statements were available to be issued.

### Note 2 - Liquidity and Availability

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	2020	2019
Cash	\$ 2,187,847	\$ 1,188,715
Investments	1,025,441	1,010,500
Grants, contracts, and accounts receivable	1,453,797	1,505,306
Due from related parties	921,947	186,983
	\$ 5,589,032	\$ 3,891,504

As a dynamic non-profit organization, First Step House strives to maintain sufficient liquid resources for the efficient operation of its programs and to further its exempt mission. As part of a liquidity management plan, cash in excess of daily requirements is invested in short-term investments such as money market funds. In addition, First Step House has access to a line-of-credit as described in Note 7.

**Note 3 - Grants and Contracts Receivable**

Grants and contracts receivable consist of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Utah State Department of Health	\$ 348,445	\$ 495,143
Housing Authority of Salt Lake City	313,251	178,547
Veterans Administration	229,099	525,973
Salt Lake County	167,112	129,226
Salt Lake City	146,778	-
Other	240,380	171,316
	<u>1,445,065</u>	<u>1,500,205</u>
Allowance for doubtful accounts	-	-
	<u>\$ 1,445,065</u>	<u>\$ 1,500,205</u>

**Note 4 - Property and Equipment**

Property and equipment consists of the following at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Land	\$ 1,099,213	\$ 968,413
Buildings and improvements	6,066,919	6,045,744
Furniture and equipment	670,870	1,226,129
Vehicles	324,440	204,396
Construction in progress		
Remodel of residential treatment centers	1,930,858	80,940
	<u>10,092,300</u>	<u>8,525,622</u>
Less accumulated depreciation	<u>(2,138,509)</u>	<u>(2,415,542)</u>
	<u>\$ 7,953,791</u>	<u>\$ 6,110,080</u>

At June 30, 2020 and 2019, First Step House valued non-depreciable assets at \$1,099,213 and \$968,413, respectively.

First Step House's property and equipment serves as collateral for long-term debt as further described in Note 10.

## **Note 5 - Fair Value Measurement and Disclosures**

The Organization reports certain assets at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable.

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, inputs are developed using the best information available in the circumstances.

In some cases, the inputs used to measure the fair value of an asset or a liability might be categorized within different levels of the fair value hierarchy. In those cases, the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. Assessing the significance of a particular input to entire measurement requires judgment, taking into account factors specific to the asset or liability.

The categorization of an asset within the hierarchy is based upon the pricing transparency of the asset and does not necessarily correspond to an assessment of the quality, risk or liquidity profile of the asset or liability.

As of June 30, 2020, the Organization's investment assets are classified within Level 1 because they are comprised of money market funds with readily determinable fair values quoted in active financial markets and are as follows:

Description	Fair Value Measurements at Report Date Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Operating investments				
Money market funds	\$ 1,025,441	\$ 1,025,441	\$ -	\$ -

The following table presents assets measured at fair value on a recurring basis as of June 30, 2019:

Description	Fair Value Measurements at Report Date Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Operating investments				
Money market funds	\$ 1,010,500	\$ 1,010,500	\$ -	\$ -

#### Note 6 - Investments in Tax Credit Partnerships

Effective during the year ended June 30, 2019, First Step House became the .01% managing member of 5<sup>th</sup> East Apartments, LLC (The LLC), an entity created for the purpose of developing, owning, and operating a 75-unit low-income housing tax credit project adjacent to First Step House's Veteran's Recovery Campus. First Step House made a capital contribution of previously purchased land, which had a cost-basis of \$412,381, to The LLC. Thus, First Step House's investment in The LLC is \$412,381 as of June 30, 2020 and 2019.

Effective during the year ended June 30, 2020, First Step House became the .005% managing partner of 426 Apartments, LP (The Partnership), an entity created for the purpose of developing, owning, and operating a 40-unit low-income housing tax credit project located at 426 S. 500 E. in Salt Lake City, Utah. In connection with the financing close of this project in December 2019, First Step House's \$402,250 note payable to Salt Lake City Corporation was paid-off from The Partnership's equity and debt proceeds, and First Step House's \$172,000 note payable to Salt Lake City Corporation was assumed by The Partnership. The LLC and Partnership are hereafter referred to as The Projects.

The Projects have qualified for and been allocated low-income housing tax credits pursuant to the Internal Revenue Code Section 42, which regulates the use of The Projects as to occupant eligibility and unit gross rent, among other requirements. The buildings of The Projects must meet the provisions of these regulations during each of 15 consecutive years in order to continue to qualify to receive the tax credits. Failure to comply with occupant eligibility and/or unit gross rent, or to correct noncompliance within a specified time period, could result in recapture of the previously taken low-income housing tax credits plus interest. Such potential noncompliance may require an adjustment to the contributed capital by the investors in The Projects and is subject to guaranties between First Step House and the other members/partners of The Projects.

#### Developer Fee

The Projects have agreed to compensate First Step House developer fees totaling \$2,832,684 (\$1,544,890 from The LLC and \$1,287,794 from The Partnership) for services rendered in developing The Projects. Of this amount, \$1,166,203 (for The LLC) and \$1,287,794 (for The Partnership) is scheduled to be paid from the equity contributions of the investor member/partner of The Projects. Any amount that is not paid from investor member/partner equity contributions will be subject to payment from the available cash flow of The Projects in accordance with the distribution priority of payments for available cash flow as outlined in operating/partnership agreements. If The Projects do not have sufficient funds to pay the developer fee by the end of the twelfth year of the tax credit compliance period, First Step House is required to make an equity contribution to The Projects in the amount of any remaining unpaid fee. For the years ended June 30, 2020 and 2019, First Step House recognized \$1,183,684 and \$281,942, respectively, of revenue related to developer fees earned based on pro-rata portion of each project's development completed. This amount is included on the statements of activities as housing development income. As of June 30, 2020 and 2019, amounts receivable from The Projects for developer fees totaled \$875,492 and \$0, respectively. These amounts are included in due from related parties on the statements of financial position. At June 30, 2020 and 2019, developer fees totaling \$1,367,057 and \$2,564,457, respectively, have not been recorded as revenue. These amounts will be recorded as revenue as The Projects are completed through the year ending June 30, 2022.

#### Buyout Option and Right of First Refusal

After the completion of the 15-year low-income housing tax credit compliance period, First Step House has the option to buy the interest of the investor member/partner of each project for the buyout price as defined in the operating/partnership agreement. There are various options to First Step House – under the most likely scenarios, the buyout price is to be either the fair market value of the investor member's/partner's interest based on a calculation of the distribution that the investor member/partner would receive upon liquidation of The Projects after a sale at each project's appraised value, or the amount of all taxes attributable to the investor member/partner as a result of the sale of its interest to First Step House.

#### Guarantees

Development completion - First Step House has agreed to provide any funds that might be necessary to complete construction of The Projects, cover permanent financing shortfalls, or fund unanticipated development costs. First Step House has not currently been required and does not currently expect to be required to provide funds under this guaranty.

Operating deficit – operating deficits of The Projects are to be funded first by using an operating reserve which is to be established from investor member/partner equity proceeds in the amount of \$420,305 (for The LLC) and \$145,000 (for The Partnership). If the reserve is depleted, First Step House is required to provide loans to The Projects in the amount of any operating deficits in an amount not to exceed \$387,994 (for the LLC) and \$250,000 (for The Partnership). This guaranty is required until the operating results of The Projects meet certain criteria defined in the operating/partnership agreement but no sooner than 4 years after stabilized occupancy is achieved. First Step House has not currently been required and does not currently expect to be required to provide funds under this guaranty.

Tax credit – First Step House may be required to provide funds to the investor member if during the tax credit period, the actual tax credits are less than the projected tax credits, including if any tax credits are recaptured. Projected tax credits for The LLC, which are expected to be claimed on tax returns from December 31, 2020 to 2030, total \$6,744,300 of federal credits and \$6,710,000 of State of Utah credits. Projected tax credits for The Partnership, which are expected to be claimed on tax returns from December 31, 2021 to 2031, total \$7,564,820 of federal credits and \$1,600,000 of State of Utah credits. First Step House has not currently been required and does not currently expect to be required to provide funds under this guaranty.

Summary financial statement information on equity method investments as of June 30, 2020 and 2019, is as follows:

	5th East Apartments, LLC		426 Aparments, LP	
	2020	2019	2020	2019
Current assets	\$ 12,505	\$ 27,834	\$ 4,617	\$ -
Land, buildings and equipment	16,144,378	4,270,724	4,924,055	-
Other noncurrent assets	48,619	67,984	29,403	-
<b>Total assets</b>	<b>\$ 16,205,502</b>	<b>\$ 4,366,542</b>	<b>\$ 4,958,075</b>	<b>\$ -</b>
Current liabilities	\$ 13,544,621	\$ 10,466	\$ 2,858,459	\$ -
Noncurrent liabilities	-	1,695,000	836,915	-
Equity	2,660,881	2,661,076	1,262,701	-
<b>Total liabilities and equity</b>	<b>\$ 16,205,502</b>	<b>\$ 4,366,542</b>	<b>\$ 4,958,075</b>	<b>\$ -</b>
Total revenue	\$ -	\$ -	\$ -	\$ -
Total expenses	(97,647)	-	(73,377)	-
<b>Net income (loss)</b>	<b>\$ (97,647)</b>	<b>\$ -</b>	<b>\$ (73,377)</b>	<b>\$ -</b>

#### Note 7 - Line of Credit

At June 30, 2020 and 2019, First Step House had a \$300,000 line of credit with a bank, secured by property and equipment, which expired November 2020 and was subsequently renewed. The outstanding balance on the line of credit was \$0 at June 30, 2020 and 2019.

**Note 8 - Lease Commitments**

First Step House leases office space and equipment under various operating leases expiring at various dates through 2024. Total rent expense for the years ended June 30, 2020 and 2019 totaled \$382,700 and \$210,500, respectively. Future minimum payments under the operating leases are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2021	\$ 243,025
2022	71,139
2023	32,238
2024	15,756
2025	<u>4,097</u>
	<u>\$ 366,255</u>

**Note 9 - Donated Materials**

First Step House received donated materials as follows during the years ended June 30, 2020 and 2019:

	<u>Program Services</u>	<u>Management and General</u>	<u>Fundraising</u>	<u>Total</u>
<u>June 30, 2020</u>				
Food	\$ 129,391	\$ 17,709	\$ -	\$ 147,100
Vehicles	<u>63,173</u>	<u>8,646</u>	<u>-</u>	<u>71,819</u>
	<u>\$ 192,564</u>	<u>\$ 26,355</u>	<u>\$ -</u>	<u>\$ 218,919</u>
<u>June 30, 2019</u>				
Food	<u>\$ 136,606</u>	<u>\$ 18,194</u>	<u>\$ -</u>	<u>\$ 154,800</u>

**Note 10 - Long-Term Debt**

Long-term debt consists of the following at June 30, 2020 and 2019:

	2020	2019
Note payable to the State of Utah, due in monthly installments of \$2,108, beginning January 2016 through December 2045, interest at 3%, secured by property.	\$ 447,394	\$ 460,036
Note payable to Salt Lake City Corporation, due in monthly installments of \$2,466, beginning November 2017 through October 2044, interest at 1%, secured by property.	638,965	662,044
Note payable to Zions Bank, due in monthly installments of \$11,760 April 2017 through May 2041, interest at 90 day Libor plus 4% (4.076% at June 30, 2020), secured by property.	1,972,718	2,031,235
Note payable to Zions Bank, due in monthly installments of \$2,780 November 2016 through October 2026, with a balloon payment of \$271,102 due November 2026, interest at 5 year Libor plus 3% (4.349% at June 30, 2020), secured by property.	389,144	404,916
Mortgage note payable to Salt Lake City Corporation, monthly principal payments of \$200, non-interest bearing, due October 1, 2027, secured by property.	115,817	118,217
Note payable to Salt Lake City Corporation, due in monthly installments of \$335, beginning May 2018 through March 2022, balloon payment due April 2022, interest at 1%, secured by property.	-	402,250
Note payable to Salt Lake City Corporation, no monthly payments required through October 2038, interest at 0%, secured by property.	-	169,915
Note payable to Salt Lake City Corporation, no monthly payments required through July 2049, interest at 0%, secured by property.	126,000	126,000
Paycheck Protection Program loan payable to Zions Bank, due in monthly installments of \$75,158, beginning November 2020 through April 2022, interest at 1%, unsecured (see further explanation below).	1,335,500	-
Note payable to Intermountain Healthcare, due in monthly installments of \$9,286, beginning June 2020 through May 2027 interest at 2.036%, secured by property.	2,489,904	-
	7,515,442	4,374,613
Less current maturities	(757,745)	(111,422)
	\$ 6,757,697	\$ 4,263,191

Future maturities of long-term debt are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2021	\$ 757,745
2022	929,721
2023	186,925
2024	192,414
2025	198,176
Thereafter	<u>5,250,461</u>
	<u><u>\$ 7,515,442</u></u>

Paycheck Protection Program Loan

During April 2020, the Organization applied for and was granted a \$1,335,500 loan under the Paycheck Protection Program administered by a Small Business Administration (SBA) approved partner. The loan is uncollateralized and is fully guaranteed by the Federal government. The loan accrues interest at a rate of 1% and requires monthly installment payments beginning November 2020. The Organization is eligible for forgiveness of the loan upon meeting certain requirements. Subsequent to June 30, 2020, the Organization applied for loan forgiveness and has received forgiveness of \$1,019,600 of the total loan amount. The remaining \$315,900 was not forgiven and is expected to be repaid under the terms of the loan agreement.

**Note 11 - Net Assets with Donor Restrictions**

Net assets with donor restrictions represent resources currently available for use, but expendable only for the specific purposes as follows at June 30, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Programs	\$ 196,443	\$ 152,193
Medical services	-	<u>65,000</u>
	<u>\$ 196,443</u>	<u>\$ 217,193</u>

**Note 12 - Concentrations**

The majority of First Step House’s grant and contract revenues are provided through Medicaid, Veterans Administration, Salt Lake County, Pay for Success, and the Utah State Department of Health. A loss of support from these grants and contracts would have a materially adverse effect on First Step House’s operations. For the years ended June 30, 2020 and 2019, the largest sources of revenue as a percent of total revenue are as follows:

	2020	2019
Medicaid, Utah State Department of Health	22%	26%
Veterans Administration	18%	21%
Salt Lake County	7%	15%
Pay for Success	11%	12%

**Note 13 - Related Party Transactions**

At June 30, 2020 and 2019, First Step House has receivable amounts due from 5<sup>th</sup> East Apartments, LLC and 426 Apartments, LP as follows:

	2020	2019
Developer fee receivable (Note 6)	\$ 875,492	\$ -
Advances for development costs	46,455	186,983
	\$ 921,947	\$ 186,983

For the years ended June 30, 2020 and 2019, First Step House recorded development fee revenue totaling \$1,183,684 and \$281,942, respectively, from 5th East Apartments, LLC and 426 Apartments, LP (see Note 6).

Note Receivable - Related Party

First Step House, acting as the project sponsor, has entered into two Affordable Housing Subsidy Agreements (one related to 5<sup>th</sup> East Apartments, LLC for \$630,000 and one related to 426 Apartments, LP for \$400,000) with the Federal Home Loan Bank of Des Moines (FHLB). During the year ended June 30, 2020, First Step House received the \$630,000 subsidy for the development of the 5<sup>th</sup> East Apartments, LLC project. The terms of the subsidy agreements outline certain conditions and performance requirements that must be met through the duration of the 15-year retention period. If these conditions and requirements are not met, the subsidies would be required to be repaid to the FHLB. As such, First Step House has recorded the amount of the subsidy funds received as deferred revenue as of June 30, 2020. In connection with this, First Step House (acting as the project sponsor), loaned the \$630,000 subsidy funds to 5<sup>th</sup> East Apartments, LLC. The corresponding note receivable bears 0% interest and requires principal payments subject to available cash flow until the project is sold or maturity (December 2049), at which time any unpaid balance is due. At June 30, 2020, the \$400,000 subsidy for the development of the 426 Apartments, LP project was not yet received. Subsequent to year-end, the \$400,000 was advanced to First Step House (by FHLB) and loaned to 426 Apartments, LP by First Step House.

**Note 14 - Employee Benefit Plan**

First Step House sponsors a qualified defined contribution plan (the Plan) under Section 401(k) of the Internal Revenue Code covering substantially all full-time employees. The Plan provides that employees who have completed six months of service can voluntarily contribute from 0% to 100% of their earnings to the Plan, up to the maximum contribution allowed by the IRS. Employer contributions are discretionary and are determined and authorized by the Board of Directors each plan year. During the years ended June 30, 2020 and 2019, First Step House matched employee voluntary contributions up to 4% of employee compensation, resulting in contributions to the Plan of \$94,460 and \$81,666.

**Note 15 - Contingencies**

Before and subsequent to year-end, the outbreak of the novel Coronavirus pandemic, or Covid-19, has significantly increased risk and uncertainties in the global economy including the community in which First Step House operates. As a result, First Step House could potentially see reductions in public donations and grant contracts. First Step House is closely monitoring the pandemic and its effects on First Step House and the community on an ongoing basis. The ultimate financial effect of Covid-19 on First Step House is currently under evaluation.

**Independent Auditor’s Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance  
with *Government Auditing Standards***

To the Board of Directors and Management of  
First Step House  
Salt Lake City, Utah

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements (financial statements) of First Step House, which comprise the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 18, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered First Step House's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of First Step House’s internal control. Accordingly, we do not express an opinion on the effectiveness of First Step House’s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether First Step House's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The image shows a handwritten signature in cursive script that reads "Eide Bailly LLP".

## **Independent Auditor's Report on Compliance for the Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance**

The Board of Directors and Management of  
First Step House  
Salt Lake City, Utah

### **Report on Compliance for The Major Federal Program**

We have audited First Step House's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on First Step House's major federal program for the year ended June 30, 2020. First Step House's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for First Step House's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about First Step House's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of First Step House's compliance.

### **Opinion on Its Major Federal Program**

In our opinion, First Step House complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

## **Report on Internal Control over Compliance**

Management of First Step House is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered First Step House's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of First Step House's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Note A - Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal grant activity of First Step House under programs of the federal government for the year ended June 30, 2020. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of First Step House, it is not intended to and does not present the financial position, changes in net assets, or cash flows of First Step House.

**Note B - Significant Accounting Policies**

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. No federal financial assistance has been provided to a subrecipient.

**Note C - Indirect Cost Rate**

First Step has not elected to use the 10% de minimis cost rate.

**Section I – Summary of Auditor’s Results**

**FINANCIAL STATEMENTS**

Type of auditor's report issued	Unmodified
Internal control over financial reporting	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None reported
Noncompliance material to financial statements noted?	No

**FEDERAL AWARDS**
